RETAIL HAPPENINGS

Dear Colleagues,

Over the past six months, our retail options available were temporarily suspended to allow the initial Project Renaissance's reconfiguration works. We appreciate your patience and cooperation as we endeavour to optimise flow and right-site services across our hospital footprint.

In this edition, we will provide updates on our new retail offerings, which will mainly be situated in Mount Elizabeth Medical Centre. It's important to note that this list is not exhaustive, and we will keep you informed as we confirm more tenants.

NEW RETAIL SPACE IN MOUNT ELIZABETH MEDICAL CENTRE

With the support of the MCST Council, we will be creating three new retail spaces. These spaces are conveniently located on Levels 3, 4 and 5 of Mount Elizabeth Medical Centre by the lift lobbies.

Guardian's Temporary Location at MEMC's Level 3

#1 Guardian

Guardian's final unit at **#01-02** of Mount Elizabeth Medical Centre (MEMC) is expected to be ready in 2025, but until then, Guardian will be occupying an interim space on **Level 3** of MEMC. With a concept store designed to serve the community in this new location, Guardian will start operating from January 2024.

#2 International Patient Service (IPS) Centre

Our International Patient Service (IPS) centre, which was formerly located in the main lobby of Mount Elizabeth Hospital, will be relocated to **Level 2** of the Mount Elizabeth Medical Centre. The new location will incorporate a fresh concept and will be conveniently located in an area next to the letter boxes.

#3 Automated Teller Machine (ATM) Lobby

By 2025, a new combined ATM lobby comprising various banks will be available beside the Medical Centre taxi stand.

UOB will continue to serve everyone on Level 2 of the Medical Centre, making banking more accessible and convenient for all.

Will update new tenants occupying **Levels 4 and 5** in the Near Future.
